NOTES

The following notes are pertinent to data items throughout this publication.

1. All data are fiscal year to date unless indicated otherwise.
2. Admissions, discharges, patients treated and average monthly turnover rates for individual VA facilities include transferred patients. Nationwide totals and type of facility subtotals exclude such transfers.
3. Patients treated are the sum of discharges and deaths during the period plus patients remaining as bed occupants or absent bed occupants at the end of the report period.
4. Types of Facilities: M-Medical Centers (includes medical-regional office center), C-Independent Outpatient Clinics (includes clinics in Regional Offices Honolulu, Anchorage and Manila), D-Independent Domiciliary.
5. Affiliated facilities with Deans Committee are identified with an asterisk.
6. Data on non-VA inpatient care and fee outpatient care are reported by the VA authorizing facility.
7. One-day dialysis patients are excluded from non-VA hospital care.
8. Absence of an average daily census indicates it is less than 0.5.
9. Domiciliary, nursing home and hospital operating beds in State Homes include beds for the care of wives, widows and mothers of veterans. Patient data for these programs include only veterans who are also eligible for such care in a VA facility.
10. Waiting list data indicate the number of eligible applicants not yet scheduled for admission.
11. Table II Outpatient Care - Dental data not available this quarter.
12. Data for the VA Medical Center (VAMC) Augusta, GA include the Lenwood and Forest Hills Divisions. Data for the VAMC Cleveland, OH include the Brecksville and Wade Park Divisions.
